

PRESS RELEASE

July 18, 2013, Kyiv, Ukraine

MHP S.A.

MHP - EU approval numbers for export

MHP S.A. ("MHP", LSE ticker: "MHPC"), one of the leading agro-industrial companies in Ukraine, focusing on the production of poultry and the cultivation of grain, announces that its three enterprises: Myronivska poultry farm (chilled and frozen chicken meat), Snyatynska poultry farm (goose meat and foie gras) and Meat-processing plant "Legko" (convenience food) received from the EU authorities **the approval numbers** with entry into force date **23 July 2013**. Since **24 July 2013** the approved MHP enterprises are allowed to import the produce into the EU countries.

Yuriy Kosyuk, Chief Executive Officer of MHP, said:

"This is a logical step towards implementation of the Company's strategy of expansion of export sales and their geographic diversification. We are ready to provide the European consumers with high quality meat and poultry products."
